PLANNER

Office of the President • Fort Lauderdale Center • (305) 761-7401

Dear Student:

Welcome to Broward Community College! We are very pleased that you have selected our College to help you reach your goals and we will work hard to convince you that you made the right choice.

Broward Community College is a vigorous institution with a proven performance record for more than 36 years. The College offers programs for those students planning to transfer to upper-division institutions, for others who plan to pursue and continue careers in this area, and for those seeking personal enrichment or professional improvement. We have gained a national reputation as a leading urban, comprehensive community college serving the diverse higher education needs of Broward County.

Broward Community College is a teaching institution, and your individual learning is our most important concern. We encourage you to call on us to assist you in every possible way as you pursue your goals. Please make sure that you use the resources available to you as a student at BCC. We want to help assure your success.

On behalf of the entire College family, let me extend a most cordial welcome. Together, we can make your college experience a pleasant and rewarding one.

I look forward to seeing you on campus.

Sincerely,

Willie Holaha Willis Holcombe

President

Introduction

The Student Handbook of Broward Community College is published each year by the Student Life Office. Its purpose is to provide you with a reference for activities, programs, services, policies and procedures.

BCC's faculty and staff work closely together to aid students in reaching their educational goals. As you further your education at BCC, Student Life anticipates that your handbook will help you stay organized and remind you to stop and enjoy college life.

BCC offers its students a wide variety of clubs and organizations, as well as programs and services. It is important to the Student Life Department to inform students, new and returning, about the great opportunities available to them when they get involved. Make every effort you can to introduce yourself to others. Meet professors, deans, and academic advisors — you will be glad you did. The information in your Student Handbook should be used in conjunction with the College Catalog.

Students with documented disabilities wishing to participate in a Student Life sponsored event should contact their campus Disability Services Advisor or Student Life Coordinator to ensure appropriate accommodations.

Have a great year and future at BCC.

Academic Advisement

All first-time in college students must attend orientation. During orientation the admission, registration, and testing process will be explained. Students will then be tested for English, Reading, and Math. Afterwards students will have their test results assessed by an Academic Advisor before they register.

What is the difference between the A.A. and A.S. degree? An A.A. or Associate of Arts degree is a two-year general education degree which allows the student to transfer to an upper level college or university to complete a Bachelor's degree (4 year degree). An A.S. or Associate of Science degree is a two-year degree which prepares students for a career that requires study beyond the high school level but does not require a four-year degree.

Will there be an advisor assigned to me?

No. All of the advising is done on a walk-in basis. However, once you have met with a specific advisor, you can continue to see that individual.

Will I be able to get a copy of my transcript to monitor my progress?

Yes. You can obtain a transcript from Advisement, either from your advisor during a meeting, or by showing a picture I.D. at the Advisement office. Students can also get a copy of their transcript from the self-registration terminals that are located in Registration.

Am I allowed to make my own schedule and discuss it with my advisor?

Yes. You may schedule your own times and days of classes based on the master course schedule which you should discuss with your advisor. Students must meet course pre-requisites where applicable.

How do advisors determine the courses I need and where do they obtain the information?

The advisors have program outlines and also refer to transfer manuals from the state universities, depending on your major and where you will be transferring to.

When should I declare a major?

As soon as possible upon entering Broward Community College.

Transferring: Getting through the maze

What do I do at BCC?

1) It is to your advantage to complete the requirements for the A.A. degree at BCC and meet the elective requirements of the university you will be transferring to. Transferring without your A.A. degree may

result in loss of credits at the receiving university or college. You will be required to meet their program requirements.

- 2) Caution: ALL State Universities have common pre-requisites for the various majors. Private universities or colleges have different requirements for the same major. Check with the Career Center or Advisement Office for access to the appropriate University Counseling Manual or Catalog for a list of these requirements.
- 3) Pick up an Admission Application for the Florida universities in any Student Affairs office. You should submit your application up to 12 months before you plan to enter the transfer institution. Check the application for deadlines at your selected institution as they all vary.
- 4) In addition check out:
- Financial Aid: A separate application is required. If you receive financial aid from BCC, you need to have a Financial Aid Transcript sent to your transfer institution. Financial aid has separate deadlines for admission to the university. If you miss these deadlines you may not get financial aid.
- •Housing: Check out both on and off-campus housing. You must be accepted by the institution before you can apply for campus housing. It is extremely important that you apply for university housing at least six months in advance. Check the university for deadlines.
- Quota-limited access programs: After you are accepted by the University, you have to be accepted by a College within the University. Some colleges have additional admission requirements such as: applications, GPA, etc. These are generally quota-limited access programs with additional criteria and conditions specified in the catalog and counseling manual.
- 5) Expect to wait three to four weeks to hear from the university. If you don't receive notice, check with the **University Liaison Officer** listed in this handbook.

- 6) During your last term at BCC, request transcripts from each institution you have attended. You must have an original transcript from *each* college you have attended sent to the university.
- 7) Call or write the Community College University Liaison Office if you have problems or concerns on transferring to another institution. For each contact with the transfer institution, keep a written record of the name of the person with whom you spoke, as well as the type of information requested. Keep a copy of all letters you send.
- 8) Attend the Orientation Program if one is offered; it will be valuable. At some universities this session is *mandatory*.
- 9) Complete the College Level Academic Skills Test (CLAST) during or before your final term at BCC.

Student Success

Student Sucess provides those comprehensive support programs and activities that will increase student retention and enhance student persistence from entry into college to the completion of the student's educational, personal, and career aspirations. Through Student Success, students receive career, academic and personal counseling, individualized programmed learning center experiences, tutoring, financial aid information, group support sessions, work study placement and other services to enhance success.

Student Success has a special component, the Mentor Program, that pairs students with volunteer mentors (faculty, administrators, staff and community members) who are committed to helping students to reach their goals. Contact the office on your campus for more information; South Campus - 963-8994, Central Campus - 475-6572, North Campus - 968-2494.

The Mentor Program

The Mentor Program promotes the achievement of a quality education while providing a nurturing environment that helps students reach their full potential. The program offers a myriad of student support services to assist students in accomplishing their goals. The following are a few of these services:

- •Pairing with a Mentor (Friend)
- •Mentee/Mentor Retreats
- Computerized Scholarships Location Service
- •College Success Skills Workshops
- •Scholarship Information/Referral
- •Referrals for Academic Advisement, Counseling, Career Services, Financial Services, etc.
- Specialized Lecture/Workshops

What is a Mentor?

A Mentor is an experienced and concerned advisor, as well as a genuine friend concerned with helping Mentees (students) achieve their goals.

Who are the Mentors?

The Mentors who participate in the program are BCC administrators, faculty, staff and community members who volunteer to share their time and expertise to help students achieve academic and personal success.

Who should request a Mentor?

Any student who wishes to enrich his/her educational experience and develop a unique relationship with a BCC administrator, faculty, staff or community member.

How are students (Mentees) matched with Mentors?

Generally students are matched with Mentors according to their career discipline. Matches are also made based on recommendations from both the Mentor and Mentee and on the compatibility of both. Additional information can be obtained by calling one of the coordinators.

Bookstores

Central, North, South, and Downtown Campus Bookstores are the main sources for required books and supplies. New and used books, general college supplies, and many non-required items are available. Extra services include special orders for books, class rings, and the buying back of used books.

Finding Your Books

Textbooks are arranged on the shelves alphabetically by common course numbers. Labels that show "REQUIRED BOOK" indicate

that all instructors use the same book for that particular course. Labels that show "ATTEND CLASS BEFORE BUYING THIS BOOK" indicate that students must attend class first-the instructor will indicate which books are needed. Students may purchase required books ONLY AT THE CAMPUS WHERE THEIR CLASSES ARE HELD beginning two weeks prior to the first day of classes. Similar course numbers may have different required books at each campus.

Buy Back Policy

The bookstore will purchase used textbooks from students based on two categories:

1. Books in demand for the current or following term:

The Bookstore will pay 50% off the former new selling price for the books that are in good, reasonably clean condition, whether or not the textbooks were purchased new or used by the students.

2. Books that are not requested for the current or following term, old editions, and books that are overstocked:

The Bookstore may pay a reduced price for some books and may not purchase others, depending on need. Current editions may possibly be purchased and shipped to used book wholesalers who are willing to gamble a price, usually 20-25% off the retail price, anticipating that they will find other bookstores that may be able to use these books. About one in four that they purchase will never be re-sold.

3. The Bookstore will not purchase used textbooks in the following categories because there is no market:

Books that are old editions, moisture damaged or in poor condition, study guides, workbooks, spiral bound textbooks, programmed textbooks, and mimeographed workbooks.

4. Requirements needed for students to sell their books:

A fee schedule or grade report indicating the course number for the textbooks pertaining to the particular course, and a picture I.D. showing the student's picture and signature must be presented. Social Security cards are NOT acceptable for I.D.

Refund Policy

- 1. The Bookstore will refund in full or exchange merchandise in equal value during the period starting two weeks prior to each Term I and Term II class openings, and ending at the end of the second week thereafter. The refund period for Term III, IIIA, and IIIB is limited to the period starting one week prior to class opening, and ending at the end of the first week thereafter.
- 2. The following conditions must be met for any refunds or exchanges: A cash register receipt covering valid purchase must be presented. A valid I.D. showing the student's picture and signature must be presented.

New textbooks must be in new condition. If they contain any marks, names, or are soiled, they will not be considered in new condition; therefore the refund will be based on the price at which the book will be resold, i.e. 25% off the original price. Exceptions to the time limit as stated above will be made for students who drop out of classes (students must present drop slip from the Registrar), students who were unable to attend classes due to medical reasons (students must present documentation); and those who have defective items. If the student purchased a used textbook that is defective and no additional used textbooks are available, the student will receive a refund and may apply the refund money toward the purchase of a new textbook.

Special Orders

1. Special orders for books not normally carried in stock are available. A deposit is required. The deposit is refunded to the customer if the book is not available. The deposit is forfeited by the customer if the special order is not picked up and paid for in full within two weeks of notification that the book has arrived.

Check and/or Change Policy

1. Personal checks are accepted with proper identification for amount of purchase only. No cash is to be given for any checks.

- 2. Traveler's checks are accepted with proper identification for purchases and change may be given to the customer for the difference of the amount tendered and the purchase.
- 3. No two-party checks are accepted.
- 4. Checks must be pre-printed with customer's name and address and bank code indicated.
- 5. Mastercard and Visa are accepted with proper identification for the amount of purchase only. No cash is to be given. Refunds for purchases made by credit cards must be made by credit card refund vouchers only. No signature, except the signature of the name appearing on the credit card, shall be accepted for credit card changes.
- 6. A student using a bank merchant card (Visa or Mastercard) of another person must have a letter of authorization. The letter of authorization may only be used once. If a student has additional purchases he/she must bring another letter of authorization from the card holder. The letter of authorization must contain the following:

A) Student's name and social security number.

- B) Letter must state that Broward Community College is authorized to charge student fee(s), books, etc. to credit card #
- C) Signature on card must match signature on authorization letter.
- D) Letter must be dated within current registration period.

Cashier's Office

Student's fees are due and payable in full at the Cashier's Office, on or before the due date assigned at the time of registration. Fee payments received after the assigned due date cannot be processed. When fees are not paid in full by the assigned due date, the schedule of classes is voided and the student must reregister. Forms of payment accepted are

cash, check, money order, and credit card (Visa & Mastercard only). Students paying fees through night deposit slots SHOULD NOT USE CASH.

Fee Card

When a student pays fees, a fee card is printed, indicating payment and class schedule. If this fee card is lost, a picture I.D. and a fee of \$1.00 will be required for a duplicate copy.

Refunds

To expedite your refund, bring your current fee card to the Cashier's Office. A correct address is necessary to receive a refund.

Obligations

Cashier's Office accepts payment for obligations such as security fines with appropriate documentation.

Career Centers

Career Centers provide career counseling and information to help students make the most of their educational experience. The staff can assist students in formulating and implementing career and life goals. Individuals lacking direction who are considering two or more career alternatives, or who have already selected a career goal, can find valuable information and tools that will help them plan for the future and gain the most from their BCC experience. A Career Resource Library with extensive self-use information on careers, job search strategies, college catalogs, and educational directories is available on each campus. Each Resource Library includes numerous computerized information systems.

- 1) CHOICES has information on over 1,100 Florida occupations, extensive educational information on Florida and nationwide colleges and programs of study, and a very useful newly expanded national scholarships data base.
- 2) SIGI PLUS is a comprehensive system incorporating nationwide occupational information, and has over 200 occupational descriptions designed for the adult learner plus a helpful self assessment test.
- 3) APTICOM/RAVE is a computerized system for assisting students in their search for occupations and/or academic majors by matching aptitudes with specific job categories.

Job Placement

Professional placement counselors are available to provide skill assessments and information on related jobs chosen from the thousands of part and full-time openings listed each year. Average wages offered are \$5 to \$10 per hour and every effort is made to place students in their field of choice. Help is also available with resume writing and interviewing techniques. This is a free service offered to all BCC students and community members who are U.S.A. citizens and to all noncitizens, provided they have INS approval to work. Call the Job Placement Office on your campus for additional information. North: 973-2282, South: 963-8866, Central: 475-6959 (FAX).

Cooperative Education

Cooperative Education (Co-Op) is a nationally recognized academic program that combines on-campus study with related work experience.

How Does Co-Op Work at BCC?

Three different plans are available:

- 1) Cooperative Education Work Experience-Students work in a paid, full-time or part-time job, directly related to their fields of study.
- 2) Cooperative Education Internship Students work in a part-time volunteer position directly related to their field of study. This is particularly helpful for Social Science, Health, Education, and Communication Majors.
- 3) Cooperative Education for Working Adults Students use their current employment if it is related to their academic major. Job duties may be modified or enhanced in cooperation with their employer.

Contact Registration on your campus for more information. Phone numbers are listed in the front of this handbook.

Continuing Education Department

BCC's Continuing Education Department offers classes in Art & Culture, Business Skills, Children & Divorce, Computers, Current Events, Day Care Certification, Language, Insurance, Photography, Personal Development, Real Estate, Special Interests, Sports & Recreation, Watersports, Young People College. We also offer classes at off campus locations upon request.

Counseling

The Counseling Center provides opportunities for students to grow as individuals, and help them to explore their attitudes and interests as they relate to their academic, social and emotional life.

Career exploration as well as personal counseling are available to students. The counselors are sensitive to the needs of a diverse population and invite you to take advantage of their services. Contact the counseling office on your campus. Phone numbers are listed in the front of this handbook.

The CLAST Test

The State of Florida has developed a test of college level communication and computation skills. The test is called the College Level Academic Skills Test (CLAST). A passing score on the test is required by Florida statutes and rules of the State Board of Education. In order to receive an A.A. degree and be admitted to upper division status in the State University System, students must pass all four components of the test.

The campus Advisement and Registration offices on each campus will advise students how and when to register for the CLAST. Students are encouraged to enroll in the CLAST review courses, which are offered prior to each test administration.

Exemptions to CLAST exam are now in effect, see your Academic Advisor for details.

College Preparatory Program

0

Broward Community College offers a College Preparatory Program consisting of specific courses in the areas of Mathematics, English, Reading, and ESL (English as a Second Language). These are designed to help students develop the entry-level skills necessary to achieve success in their college-level programs. According to State Rule 6A-10.315, all state university or community college students in Florida who do not meet the competency levels required on the College Placement Test, must take College Preparatory courses. College Preparatory courses are required on the basis of individual student test scores.

Students who are degree-seeking or who wish to take a Mathematics, English, or Reading class and do not have a placement test score, and students whose native language is not English, should make an appointment with the Counseling Office. College Preparatory courses carry credit, but the credits cannot be used to satisfy degree requirements, and are not figured into a student's overall Degree Grade Point Average (GPA), but count towards Veteran's benefits and financial aid requirements. If a student drops a course by the end of the Drop and Add period the initial enrollment will not be counted as an attempt.

Based on state regulations, students may not enroll more than three times in any one college prep skill area. "Enroll" means being registered in a course after the midterm date. Contact the Testing Department on your campus. Phone numbers are listed in the front of this handbook.

Disability Services

As an Equal Access/Equal Opportunity community college, Broward Community College assures students with disabilities equal access to all college programs, activities and services. Individuals who plan to attend BCC should contact the Disability Services Advisor on the campus they plan to attend. Students with hearing impairments should contact 475-6766 (Voice) or 423-6445 (TDD). The advisors in Disability Services will assist students with adapting to the College environment, and will provide information on how to utilize, most effectively, all aspects of Broward Community College. In addition they will facilitate the provision of appropriate accommodations based upon documented individual needs. Some of the services available are note-taking, specialized testing, sign language interpreters, readers, scribes, tutoring, and counseling. In addition, specialized equipment is also available to assist students with disabilities in pursuing their academic objectives. In order to avail themselves of the special services, students must register with Disability Services on their campus and provide the advisor with recent (within 3 years) documentation of their disability. Students receiving assistance from Vocational Rehabilitation or Blind Services are required to apply for financial assistance at Broward Community College.

Project You - A Single Parent/Displaced Homemaker Program

Project You, a vocational education program available to students on all campuses, is designed to help single parents and displaced homemakers who seek to increase earning power through education. Students may choose courses of study (leading to certificates or Associates of Science degrees) from a list of approved programs.

Project You is open to both full-time and part-time students and offers assistance to those qualified. Contact Marcia Camerano, Project You Coordinator at 973-2232.

BETA

The Broward Employment and Training Administration (BETA) offers free employment and training services to eligible Broward County residents. Students may qualify for BETA services if they are

* low income or receiving public assistance; or

* are permanently laid-off from their job due to downsizing or business closing, or

* are out-of-work more than 15 consecutive weeks.

The program is federally funded by the Job Training Partnership Act. Eligible students receive career counseling, paid tuition fees, required books and supplies, and job placement assistance. For further information and eligibility requirements, see your on-campus BETA representative at:

North Campus Bldg. 48, ThirdFloor 968-2495 South Campus Bldg.71, Room 236 963-8879

Central Campus Bldg.7,Room 250 475-6542

Student Financial Services

Student Financial Services provides counseling and funding to assist students in meeting the cost of obtaining an education at Broward Community College. Information on federal and state grants, loans, employment, and scholarships are available. Assistance in understanding and completing the necessary forms is provided. Applications for financial assistance must be submitted each year. Priority consideration is given to those applications filed before April 15. Students needing financial help to attend or continue as a student at BCC should speak with a Student Financial Service Advisor. Phone numbers are listed in the front of this Handbook.

Grants

Grants which are based on financial need do not have to be paid back.

Loans

Federal Student Loans are processed directly through Student Financial Services staff at each campus. The funds are made available from participating banks, credit unions, or other lenders. At Broward Community College, a student may borrow anywhere from \$2,625 during their freshman year, to \$3,500 during their sophomore year. Loans must be repaid and additional amounts may be available to eligible students.

Scholarships

Scholarships are based on Academic merit (GPA, SAT scores), service to the College and/or financial need. Students are considered for most scholarships by applying for financial aid.

Work-Study Program

The work-study program at BCC provides part-time jobs on and off campus for students to enable them to earn part of their college expenses while gaining valuable experience. For on-campus employment, students work up to 15 hours a week. The off-campus employment program places students in areas pertaining to their field of studys.

Foreign Study Program

Broward Community College provides students with opportunities to enroll in overseas academic programs. BCC has conducted study programs in foreign locations since 1974, and students participating in programs receive transferable college credits. Examples of study abroad programs include:

Semester In Spain

This program was established in 1979 to provide students with an opportunity to study for several months in a foreign country at a reasonable cost. Students live and attend classes in the beautiful city of Seville, Spain, and earn 15-18 semester hours of credit. Unlike other programs in Spain, this program does not require proficiency in Spanish; any student may participate since the language of instruction is English.

College Consortium for International Studies (CCIS)

Broward Community College is an active member of the College Consortium for International Studies, a national organization founded for the purpose of providing high quality international/intercultural programs abroad. As a result of this membership, BCC offers study abroad programs in England, France, Germany, Ireland, Italy, Israel, and several other countries.

Summer Foreign Study Program

Broward Community College also conducts several short-term overseas academic programs in foreign locations during the summer terms. By taking advantage of group rates and favorable arrangements with area travel agents, the college is able to offer these academic programs at considerable savings. Participants typically earn 3-6 semester hours of credit in a variety of subjects and combine on-campus instruction with the foreign travel study experience. Several different study-tours are offered each summer including programs in Europe, the Middle East, Mexico, and the Orient. Contact Dr. William Greene at (954) 973-2206, North Campus.

Gordon Rule

State Rule 6A-10.30, known as the Gordon Rule, requires that students graduating with an Associate of Arts Degree meet the following provisions in the areas of writing and mathematics:

Writing

All students must complete a minimum of 24,000 words of writing in specifically designated courses. In all writing courses, a grade of "C" or better is necessary to meet the A.A. Degree requirements.

Mathematics

All students must complete six (6) credit hours at the college algebra level or higher. In all mathematics courses, a grade of "C" or better is required to meet the A.A. Degree requirements.

Learning Resource Center

The Learning Resource Center provides academic support through the use of audio materials, computer software, video cassettes, and free tutoring in a wide variety of subjects. Students interested in free tutoring can make appointments with a specific tutor by signing up on the tutoring clipboard that is available at the center. Students are allowed one hour per week per subject. Some of the subjects offered are math, chemistry, physics, accounting, and foreign languages. The Center also offers an independent study for students interested in retaking the CLAST. Through video cassettes, computer software and self-paced review packets, students are able to reinforce their skills in writing, reading, essay writing, and mathematics. In addition, students can check out the accounting and algebra video cassettes that correspond to many of those classes. Students are limited to one video tape per day and are required to return it the following day, except for on

Central Campus where they can view videos only on campus. The Learning Resources office is located at: Bldg. 62, North Campus; Bldg. 17, Central Campus; and Bldg 72, South Campus.

Library

The Broward Community College campus libraries exist to collect materials in support of the curriculum and to assist you with research and class assignments. Students who wish to check materials out of the library or use reserve materials within the library must present a current library card. Please inquire at each campus for specific policies and requirements. Students are responsible for materials borrowed on their library card including overdue fines and lost materials. Failure to clear a library obligation may result in grades, transcripts, and graduation being withheld. Library hours differ at each campus and may vary during Term III. Hours and holidays are posted at each campus. Please call the numbers listed in the front of this book for more information.

Military Science/Army ROTC

Army ROTC (Reserve Officers' Training Corps) is a program that provides college trained officers for the U.S. Army National Guard and the U.S. Army Reserve. It is open to any full-time student, male or female, attending Broward Community College who is between the ages of 18 to 26 (up to age 28 for veterans). ROTC enhances a student's education by providing leadership and management experience found in few college courses. This training helps students develop self discipline, physical stamina, and poise: qualities basic to success in any worthwhile career. Students can earn a commission as a second Lieutenant in the U.S. Army, (Active, Reserve, or National Guard) while earning their college degree. Subjects (one credit hour each)

cover the areas of management principles, national defense, military leadership development, military courtesy, discipline and military skills. Uniforms and necessary military science textbooks and materials are furnished at no cost to students. For more information, call (305) 348-1619 (University of Miami).

Program for Returning Students

Workshops and classes are provided on all three campuses which helps men and women explore career and educational options through self-assessment, assertiveness training, career exploration, decision making, resume writing, and job-seeking skills. The goal is to foster independence and the ability to make carefully thought out decisions. Services include short courses, special programs, workshops, individual assessment, and referral. These activities are open to all students and community residents and include referral, support, and programming. Contact the office on your campus today: North Campus, 973-2232; Central Campus, 475-6626; South Campus, 963-8865.

Program For Peaceful Problem Solving (PPPS)

Acknowledging that conflict is an intergal part of life, BCC has developed the Program for Peaceful Problem Solving, PPPS, to provide members of the College and local community with resources and direct assistance to creatively and non-violently resolve interpersonal and/or intergroup conflicts. The PPPS provides training and assistance in peaceful conflict resolution methods useful in a wide range of settings. These approaches include, but are not limited to, negotiation, mediation, collaborative problem solving, communication skills training, and group facilitation. Additionally, the PPPS has a pool of trained

mediators and group facilitators who are available to assist, in a confidential manner, in the resolution of conflicts between individuals, organizations, and groups. For more information contact the Program Directors: Penny McIsaac at 475-6755 or Donald Cleveland at 475-6570.

Traffic Rules and Regulations

All students are required to have a parking decal which is available at the Security offices at: North Campus, Building 48; at Central Campus, Building 7; DTC, BCC lobby security desk; and South Campus, Building 71. A current vehicle registration is required to obtain a decal. Traffic rules include obeying all posted signs as well as parking in designated areas. Students may not park in any reserved area such as staff/faculty, handicap or no parking areas, yellow curbs, fire lanes or loading zones. Parking on the grass is not permitted except in those areas marked by "temporary parking" signs. Those students who use the handicap parking must have a "State Handicap" decal. Special permits for temporary disabilities may be obtained from the Security offices on Central and North Campus, and the Disability Service on South Campus. Upon completion of a Broward Community College physician's form, a special permit will be issued and parking assigned. Special permits are not for use in designated handicap parking and are subject to fines and/or towing by local law enforcement agencies.

Traffic rules and regulations are enforced and parking citations will be issued to those students violating them. Booklets and fine rates may be obtained at the Security offices on each campus. If fines are not paid by the end of the term, grades will be withheld. Local law enforcement agencies have the jurisdiction on each campus and violators are subject to the fine structure. Transcript request will be blocked.

WINGS (Women Investigating New Goals and Services)

Objectives

WINGS assists women (on and off campus) over 35 years of age who are separated, widowed, divorced, or have a disabled spouse. The program helps women in promoting independence and economic self-sufficiency, in making decisions and goals for training and employment opportunities, and in developing coping skills in order to deal with changes in life.

Services

Through one-to-one counseling, structured classes and ongoing support groups, clients will be helped to improve their self image, assess their job skills, acquire additional skills where needed, and become proficient in using the appropriate skills necessary to find suitable employment.

Workshops

Workshops include building self confidence, understanding change, managing stress, assertiveness, values clarification, communication (listening skills), time management, budgeting and credit, goal setting, resume writing, and interviewing skills. For more information please call Carol Faber at North Campus at 973-2398 or at South Campus call Maria Hincappie at 963-8874.

Honors at Graduation

Completion of a minimum of twenty-four semester hours at BCC is required to be eligible for graduation Honors. The calculation of the GPA for Honors includes all BCC work attempted. Honors at graduation is as follows:

With Honors-GPA of 3.250-3.499 With High Honors-GPA of 3.500-3.749 With Highest Honors-GPA of 3.750-4.000

Members of Phi Theta Kappa Scholastic Honorary Society wear gold stoles and tassels at graduation.

Open College

Open College is an innovative Distance Learning Program designed by Broward Community College (BCC) to meet the needs of the students whose schedules make it difficult to attend on-campus classes regularly, but who have the desire and motivation to pursue a college education. This program features a broad offering of video and audio programs and directed studies. These programs are supplemented with texts, study guides, and other learning aids that provide course content. Instructor contact is provided through telephone tutorials, pretest lecture reviews, and routinely assessed correspondence assignments. Open College courses are equivalent to courses taught on campus in the standard contact hour format. The same credits are awarded, and all Open College courses transfer to four year colleges and universities. The variety of courses offered through Open College allows students to make significant progress in fulfilling requirements for associate of arts and associate of science degrees, and certificate programs offered at BCC. Information about the Open College courses may be found in registration, in counseling offices, or in the Non-Traditional Programs in Bldg. 7, Room 257, Central Campus 475-6564, Bldg 69, Room 233, South Campus, 963-8886.

The BCC Student ID Card

The BCC Student Identification Card is located in the upper right hand corner of the fee schedule card that every student receives upon payment of fees. This card must be presented for participation at all Student Life activities and must be valid for the current semester. Due

to the budgetary restrictions, the college will no longer allow guests to participate free, however children of students are welcome to participate where appropriate.

STUDENT CLUBS AND ORGANIZATIONS ON CAMPUS

The College encourages and promotes membership in a wide variety of student organizations representing the full spectrum of social, religious and political thought and action as long as membership enhances the student's academic goals. In their efforts to recruit student members, organizations are required to disclose to prospective members the following information upon the initial contact with prospective members:

• All financial costs associated with membership.

• The average number of hours per week members are expected to donate to organizational pursuits.

• The academic performance expectations of members.

• Any sponsorship or linkage with any organization outside the college and whether or not membership in other organizations is expected.

• The names and affiliations of all advisors who are not employed by Broward Community College.

• An explicit statement that the organization will not tolerate hazing or other prohibited activities defined in college policies.

• The organization must affirm that in harmony with the freedom of choice embodied in college policy, the organization will in no way force or coerce either physically or emotionally in its solicitation for membership, or in the execution of its activities as a student organization at Broward Community College. All registered student organizations will be required to sign a statement of compliance.

Students enrolled at Broward Community College are free to join associations which promote their common interest, so long as:

1) The policies, purposes, and principles of the organization are consistent with the general philosophies and principles of free institutions in a democratic society such as the United States.

2) Membership in the organization is open to all bonafide students at

the College without respect to race, creed, or national origin.

3) A statement of purpose, criteria for membership, rules or procedures and a current list of officers are filed with the Director of Student Life. The bylaws of every organization operating under the sanction of the College shall include the anti-hazing policy, rules, procedures and penalties of the college community.

4) The membership, policies and actions of the organizations are determined by vote of only those persons who hold bonafide mem-

bership in the College.

5) A full-time faculty, staff, or administrator is selected and agrees to serve as the organization's advisor.

- 6) The association, club or organization has registered as a student organization through appropriate administrative channels with the Director of Student Life.
- 7) All extramural affiliations and associations of student organizations are stated explicitly in their constitution and also in any written material or advertisements distributed by such student organizations.
- 8) Recruitment and membership policies and practices are free of deception, coercive tactics or mind control techniques.

The College will ensure that students and student organizations remain free to examine and discuss all questions of interest to them and to express opinions publicly and privately. Organizations are free to invite and hear any person of their choosing provided:

1) They have funds in advance to defray expenses.

2) Reservations for facilities are made through appropriate channels.

3) The program is consistent with established policy as well as the contents of this document.

Organizations are always free to support causes by orderly means (consistent with guidelines elsewhere in college policy) which do not disrupt the regular and essential operation of Broward Community College. At the same time, it should be made clear to the academic and larger community that in their public expressions or demonstrations, students, student organizations, and guest speakers represent their own views. The College neither sanctions nor endorses the expressions or viewpoints represented.

Phi Theta Kappa

A Tradition of Excellence...

The privileges and benefits of membership: Phi Theta Kappa was established by the president of the Missouri College of Women in 1918. It is the only nationally acclaimed honor society serving American institutions which offer Associate degree programs. Two-year college presidents and administrators of associate degree programs in four-year schools have continually recognized membership in Phi Theta Kappa as an honor and a privilege. Membership is given added significance by the fact that it is recognized by the American Association of Community Colleges as the official honor society for two-year colleges. To become a member of Phi Theta Kappa, one must achieve a cumulative grade point average of 3.5 after completing 12 credit hours of degree course work, and paying lifetime membership dues. Participation in activities is encouraged. Members receive membership certificates suitable for framing, a "Manual for Members" introductory magazine, the "Golden Key" national biannual publication, the "Phi Theta Kappa National Newsletter" (quarterly), and a PTK pin. The privileges of membership include having the Phi Theta Kappa seal placed on diplomas, having "Phi Theta Kappa Member" indicated on transcripts, purchasing society jewelry and merchandise, as well as wearing the society stole and tassel during commencement exercises.

The four hallmarks of Phi Theta Kappa are:

- Scholarship
- Leadership
- Fellowship
- Service

These include a visiting artist program, a fund raising show and sale, a juried exhibition, social events, and the periodic exchange of ideas. Anyone interested should contact John Foster, Central Campus, Bldg. 3, Rm 102 at 475-6517.

Remote Control Modelers Club

The Remote Control Modelers Club is open to all BCC students, faculty, and staff interested in remote control vehicle design, construction, and operation. Club activities include field trips, discussions with guest speakers, and group design projects. For more information contact staff advisor Joe Hoffman, South Campus, Aviation Institute, Building 99, or call 986-8074.

Roots (Racine)

Roots is a special interest service club that enables the Haitian student population at BCC to share the Haitian culture with other BCC students. Its members volunteer in the Haitian community to teach children basic reading and writing skills in English. Roots also provides tutoring and scholarships for qualified members. This club is open to any student at BCC. Please contact Lemule Molovinsky in Building 52, or call him at 968-2467.

Sailing Club

The Sailing Club provides an opportunity for students to increase their knowledge of and skills in sailing and windsurfing. The Sailing Club sponsors monthly, day and weekend trips, including trips to the Florida Keys. The Sailing Club meets at the Tigertail Watersports Facility on Ravenswood Road (Anglers Avenue). For information call 989-2824 or 968-2451.

Spanish Club

The purpose of the Spanish Club is to encourage students who are taking Spanish classes, and all others who are interested in the Spanish language and in the people who speak it, to get together informally in order to practice the language, and to participate in social activities such as visiting a Spanish restaurant or seeing a Spanish movie. The Club meets every other Friday and is open to all BCC students. To join the Central Campus club, contact Constance Carlson at 475-6661. To join the North Campus club, contact John Pawlowski at 973-2396.

Science Club of North Campus

The Science Club is open to all BCC students who are interested in furthering their knowledge of the sciences. Students do not need to be science majors in order to benefit from club activities, such as field trips, discussions with invited speakers, college/campus/community service projects and independent scientific explorations. The club also offers a mechanism for science students, and potential science students, to get to know one another, to share common interests and to get better acquainted with the faculty in the various science disciplines. For further information, contact Dr. Jeanette Madea, 973-2236, North Campus.

Sci-Quest

Sci-Quest, the Central Campus Science Club is open to all BCC students. Sci-Quest members have the opportunity to work with knowledgeable faculty, staff, and students; broadening their understanding of the world around them. Students do not need to be science majors in order to benefit from club activities, such as field trips, invited speakers, service projects, and independent scientific explorations. Special activities include participation in scientific research projects and the "Science Lite" lunch time lecture series. Sci-Quest students are presently developing a series of experiments for inclusion aboard the Space Shuttle. Sci-Quest offers a mechanism for science students, and potential science students, to get to know one another, to share common interests and to get better acquainted with the faculty. For further information, contact Professor Rolando Branly, 475-6676, Bldg. 14, Room 128 at Central Campus, or Dr. Steven Obenauf, 475-6676, Bldg. 14, Room 130 at Central Campus.

Student Ambassadors

Student Ambassadors promote BCC programs throughout the community. Broward Community College's Ambassadors represent BCC at area high schools, civic and professional meetings, GED centers, and locally sponsored career and college nights throughout Broward County. Student Ambassadors are eager to spread the word about academic and community enrichment programs at BCC. Ambassadors range in age from 18 to 50 and their friendships and contacts will endure long after they graduate from BCC. For more information contact Diana Martin on South Campus at 963-8880, Central Campus, Dean of Students at 475-6520, and at North Campus, Greta Jackson at 973-2310.

The Studio Art Club is open to all BCC students who are art or art history majors, or those BCC students who are interested in the arts (you do not have to be an art major, and there are no fees to belong to the club). The club is dedicated to the promotion of the knowledge of the visual arts, and engages in many activities, which may include museum gallery trips, attending art lectures by speakers of recognition, or the creation of the arts. The highlights of the club's activities is the Annual Juried Exhibition, which takes place at The Art Gallery, located at South Campus in Bldg. 69. For more information, please contact Dr. Kyra Belan, 963-8895, South Campus.

The American West Indian Club

The American West Indian Club, TAWIC, is a student organization that has been in existence since 1987. This group meets to discuss topics ranging from community and academic interests to social gatherings such as beach parties, fiestas, and fund-raisers. The purpose of this organization is to assist West Indian students through academic and personal support as they adjust to the American school system. For more information contact South Campus Advisor Keith Vernon at 963-8875.

Vietnamese Students Club

When young Americans think of Vietnam, they often think of it as a name of a war, the longest and most troubling war that the U.S. got involved in. Few young Americans have any sense of the people, their language, their history, or their beliefs. Yet, there is an interesting and beautiful Vietnam with a culture, and heritage that many people are unaware of. Now is your chance to expand your knowledge of Vietnam here at BCC. Established in the fall of 1995, the Vietnamese Students Association has an active membership and is involved in many activities, including Vietnamese folk dancing, Vietnamese costume fashion show, and other social activities including dinners at local restaurants and beach parties as well as discussions on Vietnam with travelouges. So if you would like to increase your awareness about the Vietnamese culture, we warmly invite you to attend the next scheduled meeting and learn about us as we have learned about you. For further information please contact Viet Chung 972-2327 at North Campus, and Vu Nguyen 832-0139 or Richard Appelbaum 475-6640 at Central Campus.

Writers Workshop

The Writers Workshop is an informal mixture of students, faculty, and staff from North Campus. The group meets the first and third Fridays of each month. Members are encouraged to hone their writing skills through a variety of discussion topics, works-in-progress readings, book/author critiques, seminar presentations, and guest speakers. Once a month, they get together at a member's home and have a potluck dinner while they expound on the writing process. The club is open to anyone who has an interest in writing. For more information, please contact Trish Joyce, 973-2385, North Campus.

225 Club

The 225 club is open to students in Court Reporting. The "225" refers to the 225-words-a-minute writing goal that court reporting students need to become graduate court reporters. Primary objectives include group support and mentoring for students in the court reporting program, as well as networking for the career guidance. The club meets once a month and puts out a monthly newsletter. Club activities include guest speakers, advanced students, and an end-of-term dinner meeting for currently enrolled students and graduates now working as reporters. The primary goal of the 225 Club is to start a realtime program at BCC that our reporting students will be able to perform some campus and/or community service and will be better prepared to enter the working world as captioners and realtime writers. Anyone interested in a career as a court reporter, a captioner, a realtimer, or any other field using the computer-aided transcription (CAT) technology of the stenotype machine is welcome to attend one of the meetings. For more information call Terri Hayes at 963-8843.

Student Media

Student productions, publications and press are valuable in establishing and maintaining an atmosphere of free and responsible discussion and of intellectual exploration on the campus. They are a means of bringing student concerns to the attention of faculty and administration as well as formulating students' opinions on various issues on the campus and the world at large. In addition, student publications and productions serve as a training opportunity for students interested in professional journalism, either print or broadcast. All college published and financed student media shall explicitly state that the opinions expressed are not necessarily those of either the faculty or students of Broward Community College. All media is expected to observe the standards of the respective professions. These statements are to be considered as supplementary to the established policies of the Board of Trustees as they relate to student publications. The college will ensure free and responsible media and will not censor or approve copy in advance. The editorial freedom of student editors and managers entails corollary responsibilities to be governed by the canons of responsible journalism, such as the avoidance of libel, indecency, undocumented allegations, attacks on personal integrity and the techniques of harassment and innuendo.

BCC Broadcasters

BCC Broadcasters is an audio and video service organization which provides video recording for student organizations and community organizations. Production crews are from all BCC's campuses. Club members are responsible for various aspects of the production cycle, from development to the edited master tape. BCC Broadcasters give the BCC student a chance to work in a television studio as well as go on an assignment to shoot a story. Students will receive the opportunity to learn how to operate video equipment and will begin to grasp many other skills that are necessary to work within the broadcast industry. Since BCC Broadcasters is a student activity, the only membership requirement is to be a registered BCC student. Any interested student is encouraged to contact Mark Mavrides, on Central Campus in Building 17, Room 136, or call him at 423-6422.

The Observer

Broward Community College encourages and supports a free and responsible student press. *The Observer*, the college's bi-weekly newspaper, offers student reporters and editors the opportunity to practice all aspects of newspaper work, including reporting and writing, photojournalism, design, graphics, desktop publishing, and layout. The paper is completely student produced, including the preparation of camera-ready pages for print. While many of *The Observer* reporters and editors are in the journalism programs at North, Central, and South campuses, any student enrolled at the college can work for the paper. Institutional scholarships and work study assignments are available to student editors. *The Observer* is widely recognized for its excellence and has won numerous state individual and overall awards, as well as two National Pacemaker awards, college journalism's most prestigious award for general excellence.

The Observer's main editorial office and production office is located on Central Campus in Building 19, room 148. The paper's North Campus Bureau and advertising office is located in Building 47, Rooms 202-206. The South Campus Bureau is located in Building 71, Room 145 in the back of the Student Lounge next to the Student Life Office. For more information, contact the newspaper's advisor at 475-6700.

P'an Ku

P'an Ku is the award-winning BCC Student Literary Arts Magazine. Published twice yearly, P'an Ku showcases and encourages the creative efforts of students throughout the college. Poetry, short stories, essays, artwork, and photography are sought for publication. Watch for the announcements of submission deadlines during the year.

Based at South Campus, P'an Ku encourages students from all campuses to contribute and participate. The magazine is looking for editors, artists, writers, photographers, and anyone else who would like to be part of the staff. Students will learn desktop publishing and principles of layout and design. The only requirement is enthusiasm. A number of scholarships are also available each term. For more information, call the South Campus editorial office at 986-8044 or Pat Ellingham, Faculty Advisor, at 963-8858.

Leadership Development and Service Learning

The new millennium is fast approaching. Creative leaders will be needed in every career field and community, at all levels, to solve problems and provide vision in our changing complex society. There are five unique components offered to develop leadership skills of students at Broward Community College, providing both cognitive and experiential opportunities:

- I. "Leadership Seminar Series" (Workshops on various topics)
- II. "Leadership Weekends" (3 day weekend programs)
- III. "Leadership Class" SLS 1261 (3 credit elective)
- IV. "Competitive Edge: Presidential Leaders Society" (Intern Program)
- V. "BCC Adventure Learning Course"

Leadership Seminar Series

Seminars and workshops are offered on all three campuses in the afternoon or evening and includes various leadership and personal development topics. This program is open to all students and faculty members are encouraged to bring their classes. Contact Student Life for topics, dates, and times.

Leadership Weekends

Leadership weekends are experiential in nature and cover leadership topics such as team building, problem solving, and communication skills. Nine collegewide retreats are held each year and are open to any interested student. Specialized retreats are created for athletes and other populations. Contact your Student Life office for dates and to sign up. Food, transportation and lodging are provided at no cost to currently enrolled students.

Leadership Class (SLS1261)

A Leadership Class is offered through the SLS Department. The purpose of this course is to provide a variety of learning experiences and guest speakers, to assess leadership styles, and potential. The class is open to all student (and potential student) leaders. It is designed to help develop ethical values, grounded leadership styles and techniques for future educational, organizational and community leadership roles.

Competitive Edge

The Competitive Edge is a highly selective leadership honorary program. Participants are chosen from all four campuses based on their nomination by faculty members or administrators, recommendations, committee interviews, and demonstrated leadership potential. Shadowing and internship experiences are provided throughout the sophomore year with the President's senior staff, community, and political leaders. Legislative internship experiences in Tallahassee and Washington, D.C., are also available to selected members. The nomination period begins in February and concludes mid-March each year. For more information contact the Student Life Office on your campus.

BCC Adventure Learning Course

A physical and mental challenge course designed to teach students leadership skills, team building, and trust. Students spend a whole day in groups and individually to overcome physical and mental challenges involving ropes and walls. Clubs and organizations are encouraged to sign up with Marty Fischler, Coordinator of the BCC Marine Activities Center and Adventure Learning, Tigertail Lake, 989-2824.

Empowering students to become leaders and role models while in college and challenging students to become leaders in their career fields and in the community is crucial to our future society. Broward Community College is committed to these goals.

BCC Community Connection

BCC Community Connection serves as the collegewide clearing-house for volunteer and service-learning programs. Students are given opportunities to make invaluable contacts in the community, apply for scholarships, and participate in the co-curricular transcript. If you want to participate in or host a community service event, or you are, or know of, an outstanding volunteer, let Community Connection know! Call your campus for more information: Central Campus 475-6967, North Campus Coordinator at 968-2437, or South Campus at 963-8818.

Student Government Association

At Broward Community College, Student Government Association (SGA) is the voice of the students. Student Government has many different functions. One of the functions, is to act as the liaison between student organizations and Student Life. SGA is the bridge that students are always welcome to cross, which connects the faculty, staff, and administration to the student body. SGA looks for student concerns, and finds ways to resolve problems. The membership is open to any and all interested students, without discrimination. Some of the events that we sponsor, include and are not limited to, the Annual Unity Walk (South), Administrative Luncheons, and Spirit Weeks. Our events are always expanding, and new ideas are always growing. SGA also offers various leadership opportunities in many different levels. Selected students become involved in campus, collegewide, district, and state level events.

The concept of TEAMWORK is constantly practiced, and students learn conflict resolution. The Student Government Associations at Broward Community College are always looking for new ideas, faces, and inspiring minds. For more information please stop by the SGA office on your campus, or call Central Campus at 475-6846, 963-8941 at South, 969-2012 at North, or 761-7589 at the Downtown Center. The Florida Junior/Community College Student Government Association (FJCCSGA) is our statewide governing association.

ALMA MATER

Broward Gracious Alma Mater.
We thy name revere.
May each noble son and daughter cherish thine honor dear,
May thy lamp be ever bright guiding us to truth and light.
As a beacon o'er dark water.
This is for thee our prayer.

May the years be kind to Broward.

May she grow in fame,

May her children fail her never.

True to her beacon flame,

May her spirit brave and strong honor right and conquer wrong.

This is the burden of our song.

Ever her truth proclaim.
